American Heart Association

What is Circle of Red?

Go Red For Women is the American Heart Association's national campaign to increase awareness of heart disease - the leading cause of death for women - and to inspire women to take charge of their heart health. The grassroots campaign has since grown into a vibrant national movement as more women, men, celebrities, healthcare professionals and politicians embrace and elevate the cause of women and heart disease. The year round campaign provides women of all generations with tips and information on healthy eating, exercise and risk factor reduction, such as smoking cessation, weight maintenance, blood pressure control and blood cholesterol management.

Circle of Red is an elite group of women and men who have the passion and resources to significantly impact the community by providing a personal commitment to help find a cure for the number one killer of women.

A Circle of Red Member is an individual who can provide an annual gift of \$1,000 or more and is willing to engage their friends to commit to a level of personal or corporate giving (commitment is separate from a group sponsorship).

Circle of Red Members are invited to exclusive gatherings to hear powerful messages from passion speaker and survivors. Each gathering is hosted at a different locale and boasts a fun and educational keynote speaker. In addition to educational events the Circle of Red will also be featured in local print media associated with events, have a photo shoot, and hold VIP seating to the Annual Go Red For Women Luncheon.

Dana Vollmer, 2012 Olympic Gold Medalist & World Record holder. Circle of Red Champion & Supporter of the Go Red for Women Movement.

Where does your contribution go?

Dollars raised through Circle of Red fund research, public and professional education programs, and community service activities.

So far this year, the American Heart Association has funded more than \$12.5 million in research in California. In 2008-2009 the American Heart Association awarded \$6.8 million to researchers in the Silicon Valley alone.

Your contribution helps increase awareness of the prevalence of heart disease in women, killing more women than all forms of cancer combined, through educational materials and outreach.

What are the benefits of being a Circle of Red Member?

- Help fund research grants needed to find a cure for the Silicon Valley's number one killer of women.
- Help fund the continuation of community programs and outreach in the Silicon Valley and surrounding areas.
- Attend Exclusive "Member's Only" events like photo shoots and educational gatherings, and enjoy VIP treatment at the Go Red For Women Luncheon.
- Opportunity to tour a research facility to view first hand your donor dollars at work.

In the Spotlight:

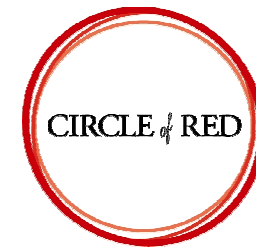

Circle of Red Co-Chairs

Anita Del Grande & Marie LoPresto

Anita and Marie have long been supporters of Go Red For Women, each with their own personal story of their triumph over heart disease. They are joining forces to expand the reach of the American Heart Association in the community.

With Anita & Marie at the helm of the Go Red For Women movement, it is sure to be a successful year of raising both awareness and funds to save the lives of women right here in the Silicon Valley.
